

Emergency Relief Fund Reporting – Emergency Financial Aid Grants to Students

Due to the ongoing disruption caused by the COVID-19 global pandemic, which continues to create enormous challenges for students and schools throughout the country, the U.S. Department of Education is providing additional emergency aid to students thru the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA). Financial aid grants for students may be used for any component of the student's cost of attendance or for emergency costs that arise due to coronavirus, such as tuition, food, housing, health care (including mental health care) or childcare.

1. On January 15, 2021, Paul Mitchell The School Sacramento signed and returned to the U.S. Department of Education the Certification and Agreement in order to participate in the Coronavirus Response and Relief Supplemental Appropriations Act, and the assurance that the institution will use all of the funds allocated under section 314(a)(4) of the CRRSAA to provide Emergency Financial Aid Grants to students.
2. Paul Mitchell The School Sacramento received \$376,090 from the U.S. Department of Education pursuant to the institution's Coronavirus Response and Relief Supplemental Appropriations Act, 2021(Proprietary Institution Grant Funds for Students) (Red C&A) Certification and Agreement.
3. Paul Mitchell The School – Esani has not distributed the Emergency Financial Aid to students but plans to distribute 50% of the funds in April 2021.

The CRRSAA requires that the school must prioritize students with *exceptional need*, such as students who receive Pell Grants, in awarding financial aid grants to students. However, students do not need to be only Pell recipients or students who are eligible for Pell grants.

Schools in the distribution of the Grant funds may not (1) condition the receipt of financial aid grants to students on continued or future enrollment in the institution, (2) use the financial aid grants to satisfy a student's outstanding account balance, unless it has obtained the student's written (or electronic), affirmative consent, or (3) require such consent as a condition of receipt of or eligibility for the financial aid grant. If a student decides to allow the school to apply part or all of the funds they receive under the CRRSAA grant towards their balance owed to the school, that student must sign a statement giving the school consent to apply the funds to their account balance, otherwise the funds will be directly disbursed to the student.
